

Air Compressor
50Liter

RC-5012

- 50 Liter tank combined with a 1680W motor provides plenty of power to cover a wide variety of applications
- 8 bar maximum pressure stores sufficient air in the tank for continuous tool operation
- The compact design plus two wheels make it highly portable and remarkably easy to use
- Able to fill the air tank at the minimum time
- Equipped with one flow regulator and one quick couplers to maximize air tool performance
- Air filter results in better performance and higher efficiency
- Multipurpose machine which is great for different jobsites and workshops. Suitable for fastening, nailing, bolting, painting,...
- Thermal protector system controls the temperature of the motor during longtime working
- Lever type on-off automatic switch for more efficiency and longer lifetime
- Equipped with a safety valve
- Equipped with condensate drain filter to make sure only dry air goes to the applicator
- Electric valve which helps the motor for easy starting by letting the excess air to drain after switching off

Model	RC-5012
Gas Tank Volume	50L
Voltage	220V
Frequency	50Hz
Power	1680W
Speed	2800 RPM
Air Delivery	140L/min
Max Pressure	8bar/116psi
Noise	70dB
Weight	32kg
Outlet Joint	G1/4
Supplied in	Ronix color box
Includes	Air Filter, Two Wheels, One air coupler
